Are you getting 100% value from your form letters?

You know from experience that form letters, to be productive, must carry the appearance of being ACTUALLY TYPEWRITTEN. If they fail to make this impression, no matter how strongly they are composed, they miss their mark. They help to fill the ever-yawning wastebasket.

The kind of letters we execute are TYPEWRITTEN so far as any visible effect is concerned. Produced from the same kind of type, through the same kind of ribbon, and by the same action as a letter written on the typewriter one key at a time.

That's how GOOD we make letters. That's how good YOUR form letters OUGHT to be. If they're NOT, you are not getting 100 per cent. value for your money.

We want you to see our samples—to show you just what we are doing for other firms—and explain what the use of our facsimile typewritten letters will mean to your business when the returns are counted. And it is the RETURNS that COUNT. We want you to ask our representative to call to-day. Will you do it?

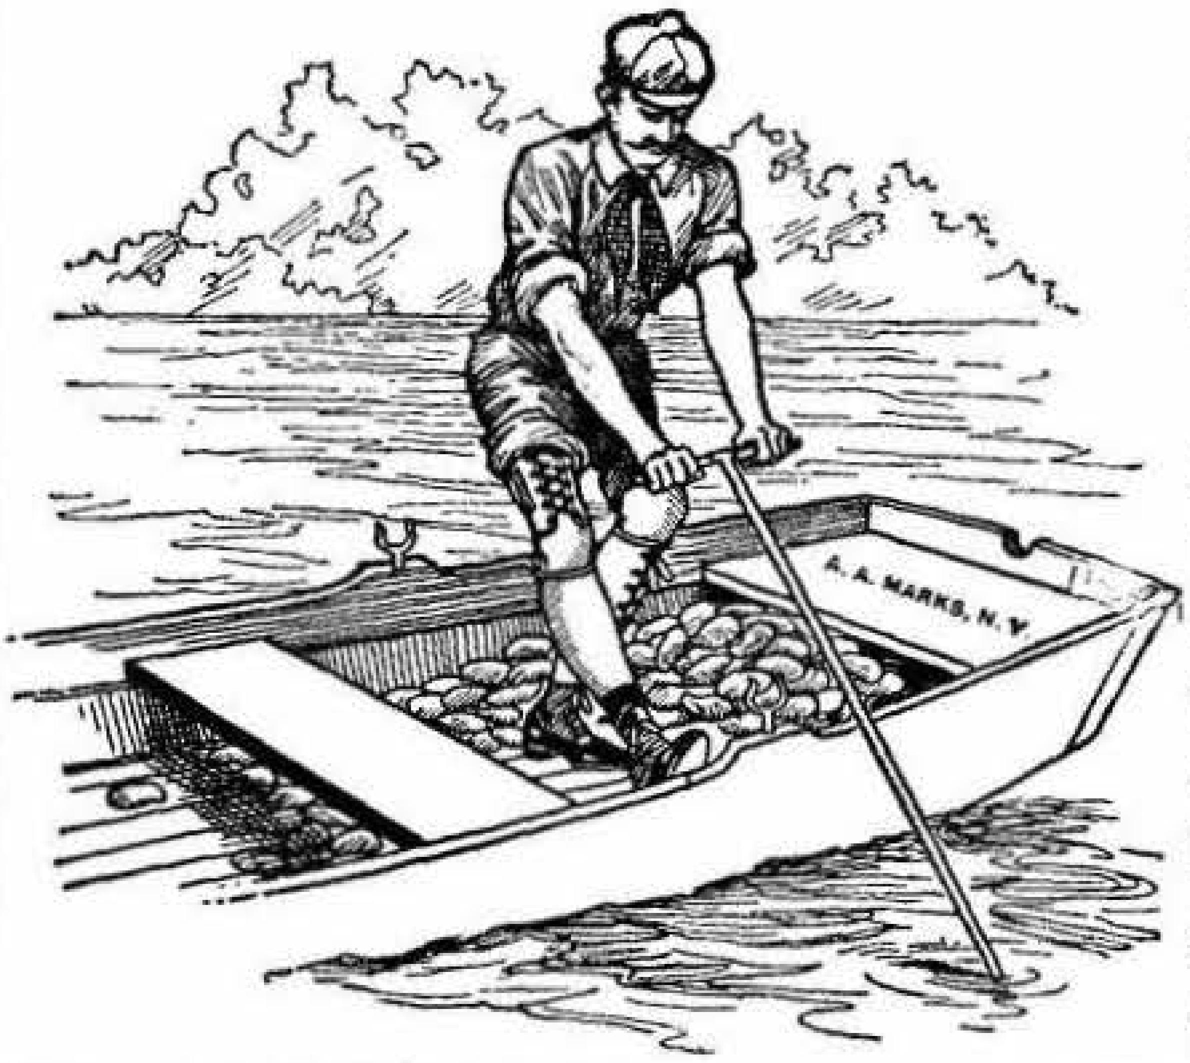
ARTIFICIAL LEGS.



Mr. M. has raked clams and oysters with a pair of Marks artificial legs for years.

If a man with two artificial legs can stand in a wabbly boat and rake clams, is there any doubt that on land a man with one or a pair of Marks legs can do as much and go about nearly as well as one with natural legs?

Write A. A. MARKS, 701 Broadway, New York, for MANUAL OF ARTIFICIAL LIMBS, containing 416 pages, with 724 cuts. Instructions are given how to take measurements and obtain artificial limbs without leaving home.

Economy of Form Letters

¶ If the average salesman could call personally upon all of his trade every time he had a new line of goods, or a special price to quote, he could probably handle them more effectively. But to keep all his customers in line without the necessity of personal calls is the problem solved only by the use of Form Letters.

¶ A Form Letter certainly has all the advantage on cost. It entails no traveling expenses, hotel bills, or entertainment charges. Its sales are limited only by the number of postage stamps you will to use. Find out about the quality work and the "Velvet Service" we give those who use our facsimile typewritten letters.

The Price & Lee Company, 279 Dwight Street

Perhaps you're the very man we're after

We don't give a rap what newspapers you use for your advertising. There are plenty of good ones.

But what we're mightily concerned about is this: what kind of supplementary advertising do you use ? How do you follow up inquiries?

It doesn't matter whether you market toothpicks or flagpoles; the important point is to sell them. And the medium that will sell most for the same amount of money is the medium you want to use.

If magazine advertising will do the stunt, you want magazine space. If the daily press brings about more orders and inquiries, you buy newspaper space by the foot, for advertising generally pays in proportion to the space that is used.

If facsimile typewritten letters will turn your inquiries into orders, you will be very likely to use them. If our facsimile typewritten letters will make your form letters look so nearly like letters pounded out on the typewriter one key at a time, that a magnifying glass won't reveal the difference—you want our work.

Regardless of the size of your business, you are after results from your advertising. We are after you to help you get those same results. It's our business.

An opportunity to talk it over doesn't obligate you to give an order, *and we go anywhere for business.*

OF THE

Springfield Directory,

279 Dwight Street,

THE PRICE & LEE CO., Publishers.

Directories of all the Principal Cities on file for the accommodation of our Patrons and the Public.

SPRINGFIELD STREET DIRECTORY.

The Street Directory gives the location of each street, and shows what other streets, avenues, or places run from or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of Main street No. 310 comes, turn to Main street, and you find that Worthington street intersects at 306, right side, and Bridge street at No. 340, showing that No. 310 comes on the right side of Main street between Worthington and Bridge.

Publicity

Is the vital spark that keeps alive the public interest in a business enterprise, and the merchant or manufacturer who neglects to heed this fact is in danger of finding himself lost in a fog of oblivion.

It has become worth while, necessary, in fact, for merchants and manufacturers alike, to keep their names before the public 365 days in the year.

Through the great work carried on by advertising clubs and trade papers the public has been educated up to a realization that "only reliable products can be continuously advertised."

The public is alive to the fact that there is only one publication that carries information about every concern transacting business in the City of Springfield at a definite location; that there is only one medium the smallest shop as well as the largest plant covering acres of ground can use to exploit its products to its own pleasure and profit.

The City Directory of Springfield, Massachusetts, published by the Price & Lee Company, is recognized as the one place where a manufacturer can persistently and consistently advertise year after year to his own advantage and create good-will as time goes on.

A casual examination of the Selling Section—the only show window of some of the largest manufacturers in the City of Springfield—will prove both interesting and profitable, and conclusively demonstrate the wonderful popularity of the Springfield City Directory as an advertising medium.

Result From Well Directed Publicity

The day of hit-or-miss, take-a-chance advertising is fortunately passed. It is now based on certain definitely established principles, which every successful advertiser recognizes.

A thorough knowledge of trade conditions, a well formulated plan and productive copy—this trinity of factors must be included in every result-producing campaign.

We are specialists in advertising and are helping others. Let us help you. At your request a representative will call and go over your merchandising problems.

If after careful analysis we find that advertising will benefit your business, we will select the most profitable mediums, prepare the copy and take the entire load of detail from your shoulders.

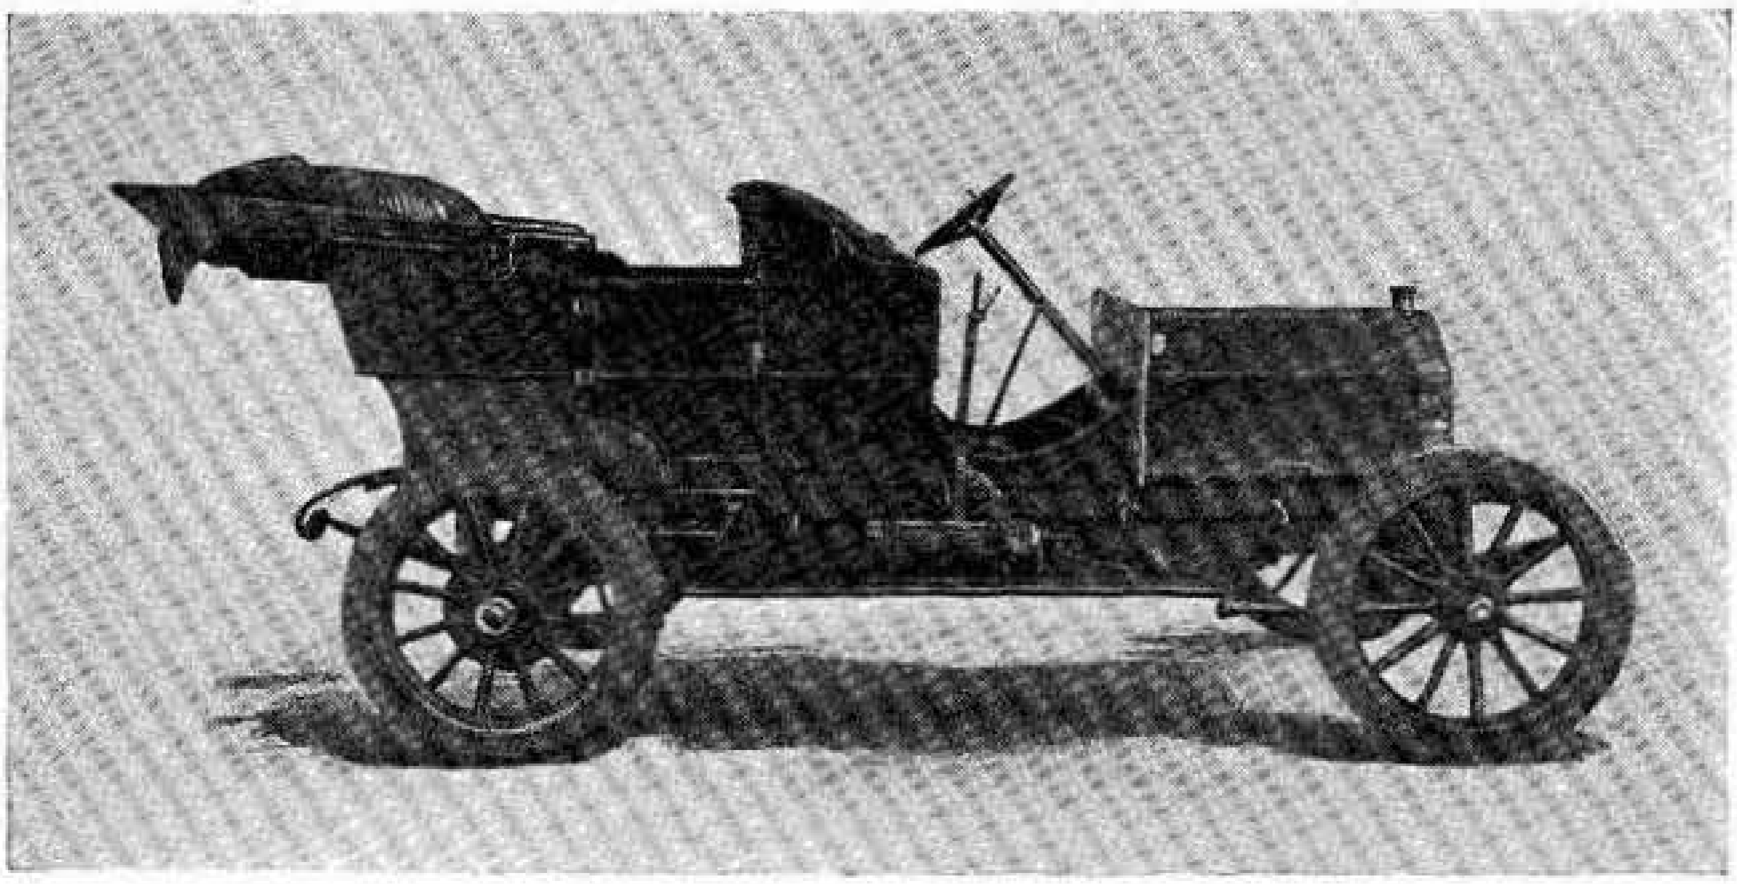
Automobiles Rebuilt



The Pictures Tell Our Story

THE upper cut shows an old model machine, ungraceful in appearance, out-of-date in finish, a car that has served its time.

The lower cut shows the same car after a short stay at our plant. It looks like a different car, and it is. The old body has been changed to a 1912 fore-door design. Equipped with a new radiator, windshield, lamps, and our rivetless guards, this car bids fair to compare with any 1912 machine on the market.

Many automobiles bought a few years ago run as smoothly to-day as ever; perfect from a mechanical standpoint, but sadly out of style in appearance. Our service should interest the owners of such cars. What the accompanying illustrations show we have done for one owner, we can do for you. We will take your old car and change the body to the latest design and do it all within a reasonable charge.

Call at our plant or write us for estimates
on any of the above work or equipment.

MANY a manufacturer hesitates to advertise because he thinks it requires a big appropriation to make a start. This erroneous impression is holding back the development of many fine enterprises.

A small sum of money concentrated in Directory Advertising will bring you into immediate touch with concerns who are buying your kind of goods all the time.

The business men who buy and use the City Directory are the best class of people you can reach; they are able to buy what they want when they want it and the City Directory tells them where.

Take advantage of the opportunity to reach these men. Place your advertisement before the buyers of your goods.

Our representative will be glad to give particulars if you will but ask him to call.

Who Pays for Advertising? The Advertiser or the Consumer?

Think which stores sell for the lowest prices here in Springfield. Are they the stores which believe in advertising or are they the stores which figure advertising as an expense? Did you ever know of a store increasing its prices when it began to advertise? ¶Take the manufacturer. Did you ever know a manufacturer to raise his price when he began an advertising campaign? On the contrary, is it not true that some manufacturers have increased the size of their package or improved the quality of their product after advertising some time. ¶Advertising is an economy. It reduces the cost of selling, it increases the output to such an extent that the price can be reduced. ¶To any advertiser who is considering an advertising campaign, we would be glad to call and discuss the merits of City Directories as advertising mediums.

Over 700 firms advertise in the City Directory

Any form of advertising which has proven profitable to a considerable number of firms deserves the close attention of other merchants and manufacturers with similar problems to solve.

When it is realized that over 700 firms in Springfield have found the City Directory both a profitable and economical advertising medium, there is a reason for it. And it must be acknowledged that we could never attain this enviable position with anything short of genuine merit.

Let our representative call and tell you Directory Advertising will help increase your buisness.

CARPET CLEANSING

By Every Modern Method

In conjunction with our various methods, we use the COMPRESSED AIR PROCESS extensively. This process is scientifically adapted to the cleansing of all kinds of floor coverings, removing all risk of injury.

Oriental Rug Cleansing a Specialty

In the Orient every housewife makes it a part of her religion to wash her rugs under the flow of the public fountains twice a year or oftener. Hence, most of the rich, old, lustrous rugs that come to our market owe their beauty and age to frequent and thorough cleansing in water.

Our method of cleansing is an original Persian process which not only cleanses but restores the colors to their delicate shades and renews their silky and glossy appearance. Repairing and weaving done with native skill.

A DEPENDABLE SERVICE

There are so many unreliable and unsatisfactory collection propositions being offered throughout the country today, that we don't wonder you're discouraged and undecided what to do about having your bad and slow accounts collected. Now we suppose you think we are going to slip over a "knock" on the other fellows and entreat you to give us all your collection and credit reporting work. Not a bit of it. We would like to have you try every agency in town, and every proposition from other towns that is offered. Only include us with the others in your list and then, if you have gained a comprehensive understanding of Collection Agency methods, you'll send all your future business here.

You are Paying for a City Directory

YOU may think you don't **want** a City Directory. But there isn't any question about your **needing** one.

There is a difference between **wanting** a thing and **needing** it. If you **need** a City Directory you are **paying** for it. Paying in the **time** you **lose** to borrow one. In the **opportunities** to cement business friendships that **get away** just because you haven't a directory where you can lay your hand on it.

To be sure you **save** four dollars, but how much do you **lose**?

You have accepted the telephone, the typewriter and the adding machine as business necessities, because they all **save time.**

While we are on this earth, **time** is our one chief possession. By **saving time** we **lengthen** life. Whatever **saves time** should be **yours.**

You don't go across the street when you want to telephone. Why should you do so when you want to use the City Directory?

You **buy** the City Directory for four dollars. It **pays** for itself the first month. From then on, you **make money** on your investment.

A Message
To Manufacturers

THE SELLING SECTION of the City Directory is to the Manufacturer what the store window is to the Merchant - - a place where people **expect** you to advertise and exhibit your goods. Buyers scan this section because they want information. Intelligent people on every hand single out your advertisement and read what you have to say. As you turn these pages imagine yourself attending an exhibit of

Springfield Products

Every live manufacturer and dealer has space reserved. Through printed words and pictures he advertises the merits of his goods or service, why and how he can be of value to you.

Where could you find so many different things advertised and displayed as you do in the Selling Section of the City Directory?

Our advertisers cover every line, from trolley cars and automobiles to insurance. You'll find the largest department stores as well as the smallest specialty shop with space in the City Directory.

The City Directory gives the contents of our city between the covers of a book, easy to use, accurately compiled. And any manufacturer who is not at present properly represented therein will do well to get in touch with our representative without delay.

The City Directory has a real reason for being

The great advantage possessed by the City Directory over other advertising mediums is that it does not depend upon catching the roving eye of a casual reader for results. It is consulted for the very reason it is published. The information it contains gives it a place in every business man's office that without it would be vacant. There is no publication that can take the place of the City Directory.

Our representative will be glad to present some interesting facts regarding its value as an advertising medium if you will but ask him to call.

To make advertising effective you must use a medium that reaches the people. It must also have about it the qualities that make for permanency. It must be a publication that is used from day to day—not one that is read and thrown away.

The City Directory offers prospective advertisers something besides 'teen thousand circulation—something that we alone can boast of—a publication that gets into the business man's office and stays there for one full year.

We are proud to say that it is not necessary to give a man a premium to sell him a subscription to our publication. A man buys the City Directory for the information it contains. He advertises in it because 700 merchants and manufacturers indorse its value by their own advertising; because 80% of our advertisers renew each year.

This great record is ours because we publish one medium where every concern can persistently and consistently advertise year after year and create good will as time goes on.

The City Directory accepts nothing but clean advertising

There is a bond of faith that exists between the buyer and seller of products advertised in the City Directory.
And this feeling of mutual confidence is something that we will never allow to be injured by accepting advertising of doubtful products.

We solicit advertising on the merits of our publication and urge no advertiser to buy space whose better judgment tells him it is not a good investment.

Seven hundred advertisers endorse the value of the Springfield City Directory by their own advertising. Any publication that has proven profitable to so many advertisers deserves the serious consideration of other manufacturers with similar problems to solve.

Our representative will be glad to call and present some interesting facts regarding the value of Directory Advertising.

Advertising has passed

the hit-or-miss, take-a-chance period

It is no longer a game of fortune grab-bag in which you blindly plunge your hand among a thousand blanks to pick out the occasionally success-prize. It is a definite science, with its positive laws and known exceptions, its formulated principles and its common sense rules. To-day, there is a definite system for going straight after business, a system that will get behind business and push it your way.

Properly executed Facsimile Typewritten Letters will increase your business

The personal letter appeal is one perfect, sure and certain medium for producing business. What you get out of any proposition depends upon what you put into it, and it is the same with letters. You can't expect results from carelessly executed letters any more than you can expect results from a carelessly dressed salesman.

There are processes and processes that produce letters and letters. Some letters come to you branded with the earmarks of imitations. Salutations poorly matched in, the body blurry and unattractive. Such letters seldom get by the waste basket.

Other letters come to you properly executed—perfect specimens of typewriting. The salutations—you couldn't tell whether they were filled in or not. You wouldn't commit yourself and say whether the entire letter was typewritten or not. You save such letters, file them away for future reference, honest solicitations for business, and you treat them as such.

We do not claim that our facsimile typewritten letters contain any magical shortcut to success. Perhaps the one-man store that uses them to-day will not become a John Wanamaker to-morrow or in months. But we do claim and claim as emphatically as we know how, that the systematic use of properly written and properly executed facsimile typewritten letters will develop any business.

Why hesitate to call in our representative? If you want proof, he can furnish it. It will do no harm to know what we can do for you. Let us get together now.

Advertising is to business what steam is to machinery—the great propelling power

The City Directory is the medium that reaches the buyer when he is in the buying mood. Your advertisement is read when he is looking for firms who make and sell **your** line of goods. Will he find **your** special message to him? Business is constantly being done. What you have lost in the past by not being properly represented in the City Directory, make up in the future. Take larger space in next year's issue. For advertising generally pays in proportion to the space you use.

Why should you do so when you want to use the City Directory? Four dollars buys you a City Directory, good for a whole year. It **pays** for itself in the time it saves you the first month you have it. From then on, you clip the coupons, the profit made on your investment.

A GOOD reasonable letter that talks straight to the point without wasting a word is a mighty close second to a real, live, two-legged, clear-headed salesman.

Facsimile typewritten letters are one sure and certain medium to produce business. An opportunity to talk it over doesn't obligate you to give an order, although that is what we like to get. We are glad at all times to call and explain our process of producing facsimile typewritten letters, quote prices and aid in the planning of a direct-to-the-prospect campaign.

As long as we remain unacquainted, we both
lose money. So, let us get together now.

Perhaps YOU Have Never Thought of It!

There are still some men who have not given thought to the fact that a good reasonable letter that talks straight to the point without wasting a word is a mighty close second to a real, live, two-legged, clear-headed salesman.

With many people the right letter will effect a sale even more quickly than a personal solicitation. But carelessly executed letters seldom get past the wastebasket. A clean looking, properly spaced and correctly executed letter reaches right out and grips a man's attention and intensifies his interest.

We specialize in producing typewritten letters in quantities. Our equipment is mechanically correct and the work itself is genuine. We are always glad to show samples of our work and offer suggestions as to the best method of getting results. Let us help you all we can—NOW.

The Price & Lee Company

279 Dwight St. Directory Publishers Tel. 5620

At the office—where time saved means dollars earned—the City Directory is a money maker

The City Directory should be within your arm's reach. When it is, your mind is relieved of mere detail and ready for **deep thinking.** When you need to know where Bill Smith lives, his address is at your elbow.

Turning to "Bill Smith" you find his correct name, last name, first name and middle initial; his occupation or business, whether he boards or rooms or keeps house and where.

On the level, now, you seldom want to know much more about a man than what can be found in the City Directory, do you? Don't you consider the Directory a precious part of your office necessities?

And by the way, don't you think a book so constantly used as the City Directory a pretty good place to keep a description of your business **written up large.** We do. And if you want evidence, just say so. It's your turn to move.

When measured in dollars and cents directory advertising is cheap. But when measured by results—well, why not give our representative a hearing?

Eliminate Fear

Often a man loses his nerve when Dame Fortune is knocking at his door. And especially when he has failed to make proper provision for the future.

The proper way to make sure is to insure. Life Insurance reproduces the earning power death destroys. First provide an estate for your family, and you may well feel justified in taking chances on business deals.

Nothing will eliminate fear like one of the new policies issued by the

Home Life Insurance Co. of New York

GEO. E. IDE, President

This Company, established in 1860, has gained for itself an enviable record among the insurance companies of the world. The investigation conducted by the Armstrong Committee in 1905 was the severest in the history of Insurance, and the Home Life came through without a scar. The daily papers gave unstinted praise to the manner in which the management of the Home Life conducted its affairs. The liberal treatment accorded its policy holders has been the cause of many business men taking out insurance with them.

What are you doing to increase your business?

Something of course. But I wonder if it will be as sure to produce the desired results as a plan I have in mind that you could use.

Hit-or-miss methods of getting business have had their day. Business men have come to realize that many schemes which have paraded under the name of advertising were not advertising at all—nothing but drains on the cash box.

I have a plan which I believe will appeal to you for the reason that all speculation has been eliminated. You, yourself, know how strongly a personal message grips attention and holds interest. My proposition is built around this fact, which gives it a solid foundation.

You'll be surprised to know the small appropriation it requires to start the ball rolling. No harm to get in touch with me whether we finally do business or not.

We seldom lose an advertiser

Do you know of any other publication so constantly used as the City Directory? Records prove that our subscribers do not buy our publication merely because it contains **their** name, but because it contains information about 40,000 **other** people.

A few advertisers are not yet using the City Directory. To those we would like an opportunity to explain what we are doing for other advertisers, and if you believe it would prove a profitable investment, we would like to have you advertise with us.

There is no substitute for the City Directory

The City Directory has never had to spend time wondering why it was published. It has always occupied a place in the business man's office that without it would be vacant. There is no publication that can take its place. It is the one book that is necessary in every office where modern, up-to-date methods prevail. Accurate information, conveniently classified, easily found, make it indispensable to any concern dealing with the public.

Our representative will be glad to present some interesting facts regarding its value as an advertising medium if you will but ask him to call.

ADVERTISE YOUR GOOD THINGS

MANY a limping business is kept from healthful development by the morbid aversion of one of a firm's members to publicity. Perhaps he is honestly so conscious of the excellence of his wares that he expects the busy world to search them out. But the busy world hasn't time. ¶If you have a good thing to sell, proclaim it from the housetops. The world wants good things, but it can't discover them in hiding places.

YOU'VE noticed, no doubt, that cold argument stripped of human interest, does not always thaw out the average man's indifference and soak into his confidence.

There needs to be a sort of man-to-man magnetism running through your sales letter arguments, and since we've specialized on properly written and executed facsimile typewritten letters as business getters, it stands to reason that we could give you a new blend of sales talk that would stir up still more interest in your proposition.

No harm to draw closer whether we finally get together or not. It's your move.

To the average business man the **right words come hard** when he is struggling to express some idea to advertise his business.

What to say and **how to say** it are difficult for the man whose training and experience have been in another field. It calls for **special training** to write "copy" that will pull, just as it requires **special training** to perform an operation and have it successful.

We have made a specialty of writing **letters that pull**—letters with real, live, red blood in them. Every day we aid some man to express his thoughts on paper in clean-cut forceful words. Perhaps it is just possible that we could do something for you. Our representative is at your service.

We burn the oil we sell

WE believe that what we recommend for others is good for ourselves. We practice what we preach and the doctor who takes his own medicine is a good doctor to know.

Printer's Ink says: "The man who believes in advertising for others but not himself is a lop-sided spectical."

We preach the gospel of advertising because we believe in it. We have found it profitable. It has increased our business.

We do not picture advertising as a cure-all, a sort of magical short-cut to success, but as a definite science, with its positive laws and known exceptions. Advertising is an influence. It is a mighty power and when intelligently applied can make your future secure.

Advertising that is mixed with brains will prove profitable to most concerns.

Our representative is at your service. An interview with him will be time well spent. No obligation—merely your time against ours.

OXYPATHY

No Drugs
No Expense

The Scientific Method of Mastering Most all Ailments with Oxygen, Regardless of Kind, Cause, Severity, Duration, or Failure of Former Treatments.

When you are sick there is a reason—Oxygen deficiency. Your body is burdened with waste matter that clogs the circulation and poisons the blood. When this waste accumulates in any particular spot, Rheumatism, Fevers, Constipation, Dyspepsia, Appendicitis or some other local disease develops. A sufficient amount of Oxygen in the body would burn this waste. The Oxypathor causes the body to take on the necessary amount of Oxygen, which dissolves and throws off these impurities and so makes you well again.

? What is it you look for in selecting an Advertising Medium ?

Is it quantity circulation?	The City Directory reaches the readers of all other advertising mediums. Its circulation cannot be measured in mere subscriptions alone, but estimated by the number of people it serves. How often is **your** directory borrowed or used during the year?
Is it quality circulation?	"Quality Circulation" is our particular hobby. And there's good and sufficient reason. The City Directory reaches the best people in every line of business. Judging yourself as a unit, how do we measure up to your idea of "quality circulation"?
Is it permanent circulation?	The City Directory gets into the business man's office and stays there for 365 days. A magazine or newspaper is read and thrown away. The City Directory is **on the job** every day in the year and we have yet to see one in the wastebasket.
Is it psychological appeal?	When you want to **know** the meaning of a word, where do you look? In the dictionary. The explanation of the tide? In the encyclopedia. Who sells what you want to buy? In the City Directory. The City Directory reaches the **buyer** when he is in the **buying** mood.
Is it mechanical excellence?	Your advertisement will be printed on superior quality, heavy coated paper, increasing its effectiveness as a whole, which you will acknowledge is a feature worthy of consideration. The City Directory is printed by the largest and best equipped plant in town.
Is it price?	Springfield, West Springfield, Chicopee and Longmeadow have a total population of 124,635. A page in the City Directory would cost you $18.00 for one year. Figure out the cost for yourself of reaching these people 365 days in the year.

Our representative has some real, live information to give advertisers who will consider Directory advertising. He is at your service.

Perhaps YOU Have Never Thought of It!

There are still some men who have not given thought to the fact that a good reasonable letter that talks straight to the point without wasting a word is a mighty close second to a real, live, two-legged, clear-headed salesman.

With many people the right letter will effect a sale even more quickly than a personal solicitation. But carelessly executed letters seldom get past the wastebasket. A clean looking, properly spaced and correctly executed letter reaches right out and grips a man's attention and intensifies his interest.

We specialize in producing typewritten letters in quantities. Our equipment is mechanically correct and the work itself is genuine. We are always glad to show samples of our work and offer suggestions as to the best method of getting results. Let us help you all we can—NOW.

Use Facsimile Typewritten Letters

We specialize in producing typewritten letters in quantities. Our process is mechanically correct and the work itself is genuine.

Ask our representative to call, show samples, quote prices and plan a direct-to-the-prospect campaign for you. It doesn't obligate you to give an order to have him call, nor does it do you any harm. It might do good. Why don't you try it and see?

BROOKDALE MANOR, LON

For those who love pure, fresh air and enjoy life in a suburb, Brookdale Manor is the ideal spot. It is just far enough away from Springfield to be removed from the City environment and yet within easy reach. Twenty minutes' delightful trolley ride from Court Square. Cars every 15 minutes.

Brookdale Manor is situated on high, dry ground in the choicest part of Longmeadow with a large frontage on wide, picturesque Longmeadow Boulevard. Its broad, well-paved streets and avenues are lined with granolithic sidewalks. It has a complete sewerage system, good water, 85 cent gas, tree belts and artificial lakes. Taxes are extremely low, $11.50 per $1,000. We are not merely selling this tract, but developing it

Several lots are for sale at Brookdale Manor, all extra large size. Prices are right. Easy terms if desired. A small payment down and the balance in monthly installments. Just the right way for a young man to save money. Look over the map at our office or take the Longmeadow car from Court Square any afternoon and get off at Brookdale Manor. Our representative will be found on the ground. The first to respond will get the choice locations. Six months from now these lots will be selling for at least $100 more.

MANY a manufacturer hesitates to advertise because he thinks it requires a big appropriation to make a start. This erroneous impression is holding back the development of many fine enterprises.

A small sum of money concentrated in Directory Advertising will bring you into immediate touch with concerns who are buying your kind of goods all the time.

The business men who buy and use the City Directory are the best class of people you can reach; they are able to buy what they want when they want it and the City Directory tells them where.

Take advantage of the opportunity to reach these men. Place your advertisement before the buyers of your goods.

Our representative will be glad to give particulars if you will but ask him to call.

He who consults the City Directory does so because he wants something

It makes little difference whether the information wanted is to be found in an advertisement or not. Every advertisement in the City Directory is the representative of the concern who is responsible for it. A good representative is one who explains and understands his proposition thoroughly.

It stands to reason, that if you put some real live facts and information in your advertisement you ought to increase your returns from it. Let our representative call and explain what we can do to make your advertisement worth more to you.

What Are You Doing Now?

WHAT'S YOUR ANSWER? Reading an advertisement in the City Directory of course. The reason why we put that question to you was because every once in a while some otherwise good business man will tell our representative that "No one ever reads the ads in the City Directory." We have used this space just to prove the fallacy of the proposition, and cordially invite an opportunity to talk the matter over with any "Doubting Thomas."

The New Map of Springfield

Made from the latest surveys, it gives in a convenient, usable form much valuable information. All streets are accurately drawn and their intersections shown.

Each ward is divided by distinct colors, trolley and railroad lines are clearly indicated, the position of prominent public buildings made definite. Indian Orchard is in its proper location.

The new map gives a complete and comprehensive layout of Springfield, easy to understand, simple to use. A marginal street index accompanies each map, which will enable any one to determine at a glance the location of a street or the shortest route to a given destination.

Bound in stiff, tough paper covers, convenient pocket size, you will find it a mighty handy thing to have at hand. To those whose business demands an intimate knowledge of the streets of Springfield, it is almost a necessity.

It Is Indispensable

The real test of a publication's worth is made when its position in the business world is determined.

From its inception the City Directory has been "the book that's indispensable" in the business office.

The City Directory's position in the business world is solid. Those who buy and use it consider it the greatest buyer's guide in the world.

To the buyer in search for your kind of goods an advertisement in the City Directory is a sign of reliability and he treats it as such.

This attitude means a great deal to the advertiser. It's a real asset.

ng What Is It?

The efficiency of Autogenous Welding is demonstrated by results. Not long ago the U. S. Inspector for the Department of Commerce and Labor conducted tests to determine the strength of oxy-acetylene welding. A piece of metal 9 inches long was cut in two, beveled and welded flush by filling in new metal. It was then tested until it broke. It required a pressure of 58,333 pounds to the square inch. The metal broke NOT at the weld but THREE INCHES FROM THE WELD, proving beyond question that metal welded by the oxy-acetylene process is actually stronger at the weld than originally and capable of withstanding terrific strain.

While we weld broken parts of machinery, automobile castings and engine members of every description and guarantee the work,

We Specialize On Boiler Repairing

Autogenous Welding is scientifically adapted to boiler repairing. Cracks, breaks, in fact, practically all leaks, can be quickly and efficiently repaired. The welding can be executed while boiler remains in position. New metal can be built on worn or weak parts. Sections that have become thin from boiler scale can be reinforced and made sound and strong. Autogenous Welding by the oxy-acetylene process is recognized as the one perfect process for repairing boilers and is recommended by the most prominent boiler inspectors in New England. Patching has always been an unsatisfactory method of repairing and an expensive proposition from the start. A patched boiler is habitually giving trouble to the engineer and causes delays that rob a concern of what should be profit. Repairs that would require two and three days to make by riveting on patches can be made in two or three hours by Autogenous Welding. Time lost on account of breakdowns is reduced to the minimum and work continued with little interruption.

We can serve you in the same intelligent manner as we now serve others. Following are a few prominent concerns for whom we do work.

Boston & Albany R. R.,	W. Springfield	Hathaway Mfg. Co.,	New Bedford
Smith & Wesson,	Springfield	Deane Steam Pump Co.,	Holyoke
